Brown S and Williams EJ. (2010)

The Jaundiced patient with Haematemesis Foundation Years Journal 4: 41-46.

Surgenor S, Snook JA and Williams EJ. (2010)

Investigation of asymptomatic iron deficiency anaemia (IDA) consistently yields high rates of underlying pathology. Five year results from our nurse-led clinic. Abstract and oral presentation at annual meeting of British Society of Gastroenterology. Abstract published in Gut.

Le Brocq S, Etrata W, and Williams EJ. (2010)

Venous thromboembolism (VTE) risk assessment and thromboprophylaxis at Poole Hospital. Poster presented at 'Leading in Prevention of venous thromboembolism' Conference.

Butchart R and Williams EJ. (2009)

Does an afternoon review by a senior clinical decision maker of medical admissions reduce length of stay and improve the proportion of patients reviewed within 12 hours of admission? Poster and abstract presented at 2nd International Conference, Society of Acute Medicine.

Bonner H, Smith M, Frost SJ and Williams EJ. (2009)

Do patients really mind mixed sex bays in an Emergency Assessment Unit? Journal of Acute Medicine: 8; 3

Surgenor S, Alexander A and Williams EJ. (2009)

The Investigation and Management of Iron Deficiency Anaemia (IDA) in a Nurse Led IDA Clinic. Oral Presentation Royal Society of Medicine, World Congress of Gastroenterology.

Le Brocq S, Etrata W, Frost SJ and Williams EJ. (2009)

Nurse Practitioners in Acute Medicine – An alternative approach to managing demand. Poster and abstract presented at 2nd International Conference, Society of Acute Medicine.

Iadarola M, Williams EJ and Masding MG. (2009)

Nurse led triage on MAU is effective and accurate. Poster and abstract presented at 2nd International Conference, Society of Acute Medicine.

Wileman J, and Williams EJ. (2008)

Screening for occult malignancy through a nurse-led DVT clinic Poster and abstract presented at 1st International Conference, Society of Acute Medicine.

Forde E, Giblett J, Nash A, Savage A, Wagner S, Frost M, Pither C and Williams E. (2008)

Medical Handover: an IT solution. Poster and abstract presented at 1st International Conference, Society of Acute Medicine.

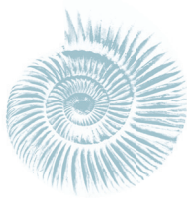

Lockwood GL, Williams EJ, Balaie M, Prescott C and Masding MG. (2008)

Random blood glucose measurement, outcome and mortality in acute medical patients. Poster and abstract presented at 1st International Conference, Society of Acute Medicine.

Nurse-led triage of acute medical admissions: accurate and time-efficient. *British Journal of Nursing*, 16: 824-827.

Williams EJ, Thomas PW and Masding MG. (2006)

Elevated alanine transaminase levels in newly diagnosed type 2 diabetes is related to obesity and hypertriglyceridaemia rather than glycaemic control. Poster and abstract presented at British Society of Gastroenterology Conference. Abstract published in *Gut*.

Masding MG, Thomas PW and Williams EJ. (2006).

High incidence of increased alanine transaminase in newly diagnosed Type 2 Diabetes is related to obesity and high triglyceride levels rather than glycaemic control. Poster and abstract presented at Diabetes UK Conference. Abstract published in *Diabetes*.

Suman S, Williams EJ, Thomas PW, Surgenor S and Snook JA. (2003)

Is the risk of adult coeliac disease causally related to cigarette exposure? *European Journal of Gastroenterology and Hepatology*. 15: 995-1000.

Suman S, Williams EJ, Thomas PW Surgenor S and Snook JA. (2003)

Is the risk of adult coeliac disease causally related to cigarette exposure? Abstract and oral presentation at annual meeting of British Society of Gastroenterology. Abstract published in *Gut*.

Shek F, Benyon RC, Walker FM, McCrudden PR, Pender SL, Williams EJ, Johnson PA, Johnson CD, Bateman AC, Fine DR and Iredale JP. (2002)

Expression of TGF- β 1 by pancreatic stellate cells and its implications for matrix secretion and turnover in chronic pancreatitis. *American Journal Pathology*, 160: 1787-94.

Williams EJ and Arthur MJP. (2002)

Liver Fibrosis: an update. *Current Medical Literature – Gastroenterology*. 21: 1-6.

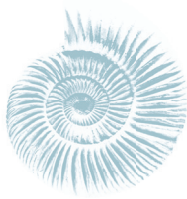

Shek FW, Walker FJM, Pender SLF, Chance V, Williams EJ, Johnson CD, Benyon RC, Iredale, JP and Fine DR. (2002)

The role of TGF- β in the regulation of matrix Metalloproteinases and Tissue Inhibitors of Metalloproteinases by pancreatic stellate cells. Abstract and oral presentation at annual meeting of Pancreatic Society of Great Britain and Ireland. Abstract published in *Pancreatology*.

Activation of TGF- β 1 by HSC in vitro and consequences for cell proliferation and survival. Cells of the Hepatic Sinusoid, Vol 8. Wisse E, Knook DL and Balabaud C (eds).The Kupffer Cell Foundation, 191-4.

Williams EJ, Cochrane BC, Arthur MJP and Benyon RC. (2000)

Activation of TGF- β 1 by hepatic stellate cells and consequences for cell proliferation and survival. Poster and abstract presented at the annual meeting of American Association for the Study of the Liver. Abstract published in Hepatology.

Shek FW, Williams EJ, Walker FMJ, Iredale JP and Fine DR. (2000)

Transforming growth factor β 1 increases collagen synthesis and inhibits proliferation of rat pancreatic stellate cells. Poster and abstract presented at annual meeting of American Association of Pancreatology/ International association of Pancreatology.

Williams EJ, Gaca MDA, Brigstock DR, Arthur MJP and Benyon RC. (2000)

Increased expression of connective tissue growth factor in fibrotic human liver and in activated hepatic stellate cells. Journal of Hepatology. 32: 754-61.

Williams EJ and Iredale JP. (2000)

Hepatic Regeneration and TGF- β – Growing to a prosperous perfection. Gut. 46: 593-4.

Shek FW, Williams EJ, Walker FM, Oyetade A, Johnson CD, Iredale JP and Fine DR. (2000)

Pancreatic stellate cells express active TGF- β 1 in an autocrine manner – Implications for progressive fibrosis in chronic pancreatitis. Abstract and oral presentation at annual meeting of Pancreatic Society of Great Britain and Ireland, awarded Lord Smith Prize. Abstract published in Pancreatology.

Williams EJ, Cochrane BC, Arthur MJP, Iredale JP and Benyon RC. (2000)

Secretion and activation of TGF- β isoforms by hepatic stellate cells and consequences for cell proliferation and survival. Poster and abstract presented at autumn Medical Research Society, Science and Medicine Conference.

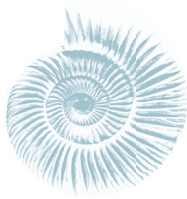

Williams EJ, Cochrane BC, Arthur MJP and Benyon RC. (2000)

Activation of TGF- β 1 by HSC in vitro and consequences for cell proliferation and survival. Oral presentation at 10th International Symposium on Cells of The Hepatic Sinusoid.
